# One Last Look . . . At Days Long Past

BY: SHELLEY WARD

We once were strangers thrown together  
In an unknown world full of unseen dangers.  
Yet somehow we survived,  
And still we get better with the passing of time.

Once separate,  
Now equal.  
We soared together like eagles  
Rising above all the differences we left behind.

Many friends we have made along the way.  
Some have taken separate paths,  
But forever we shall remember  
The sharing of dreams and the giving of  
laughs.

Though today may be over,  
And yesterday is long since gone,  
The memories we have made together,  
In our hearts, forever shall live on!

Founders' Week took on a new look this year at Pikeville College. New faces and new games were introduced to an enthusiastic crowd of faculty, staff, students, and alumni.

Several PC music students, including David Meek, Jenny Shepherd, Kelly Curry, and Sam Rose, performed for the crowd during the picnic.

Students took a fall for each other during the human dominoes game and found themselves covered in shaving creme after the tug-of-war. Looking like chipmunks, students stuffed their cheeks with M & M's. The self-proclaimed "Fat Boyz" team proved to be the hungriest in this candy eating event.

Most of all, everyone enjoyed the laughter, fun, and fellowship as the campus gathered to remember its founding fathers.

# Good-bye, Dr. Mayfield

Over the course of the last 30 years, Dr. Robert Mayfield has touched the lives of many students, faculty, and staff members. As the 1998-1999 school years ends, Dr. Mayfield says goodbye to Pikeville College and retires from a successful career in education.

Dr. Mayfield came to Pikeville College in 1969, after spending six years in public education. During his time in public education, Dr. Mayfield developed a program in Cincinnati that gave underprivileged children free lunch and breakfast, free clothing and shoes. He was also responsible for the development of a sewing club for children. The club used donated sewing machines to teach the children to sew.

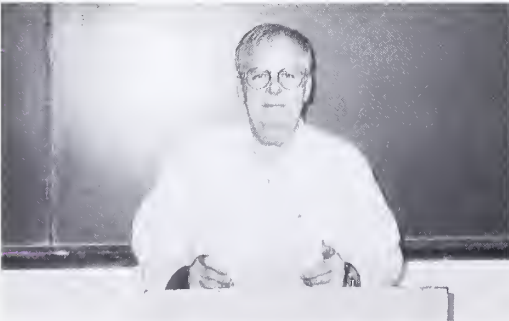

Through the years, Dr. Mayfield has been certified as teacher, principal, curriculum instructor, superintendent, and director of pupil personnel. Dr. Mayfield received his bachelor's degree in education and psychology, his master's degree in school administration and psychology counseling, and his Ph.D. in psychology and administration.

During his career at Pikeville College, Dr. Mayfield has served as chair of the psychology department, division of education; vice-president of academic affairs; and dean. Dr. Mayfield has taught graduate level courses for Morehead State University on the PC campus for 15 years. He was also instrumental in reviving the psychology major as it now stands.

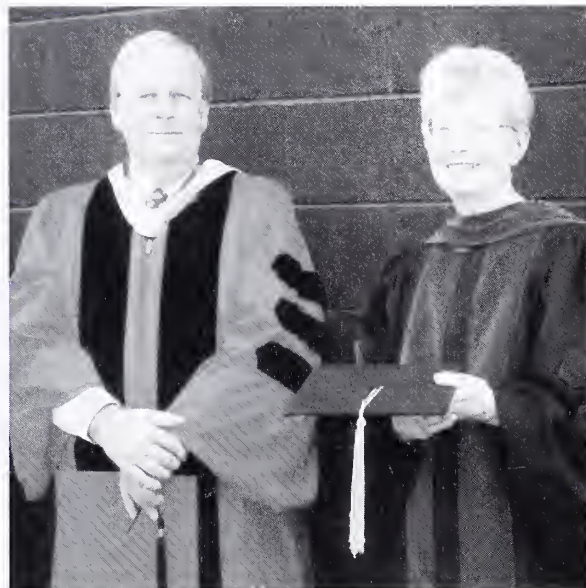

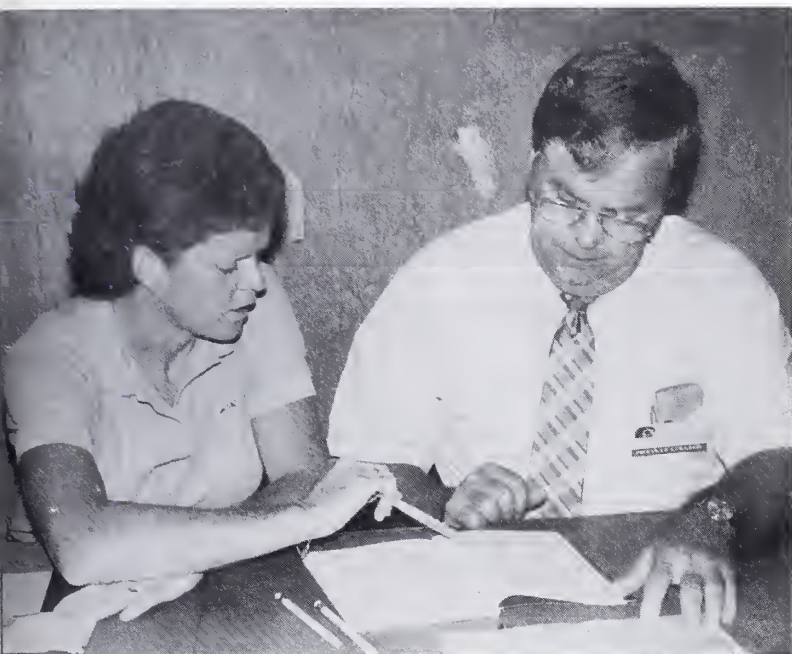

"Pikeville was home," Dr. Mayfield explained. "After serving four years in the Air Force and flying combat in Korea, I was ready to come back home. The 30 years that I have spent here at Pikeville College have been the most rewarding in my life. The hardest thing that I've ever done was deciding to retire."

In his years here at PC, Dr. Mayfield received the William Wade and Helen Record Walker Endowed Fund for Teaching Excellence Award in 1977 and again in 1998. The students, faculty, and staff of Pikeville College all wish Dr. Mayfield the best. May your retirement be as rewarding to you as your career has been.

# Prof. Brown Retires

The Pikeville College community congratulates and bids farewell to Glenn Brown, professor of biology. Brown's Pikeville College career has been rewarding for fellow faculty, staff, and students throughout the 35 years he has dedicated to the college.

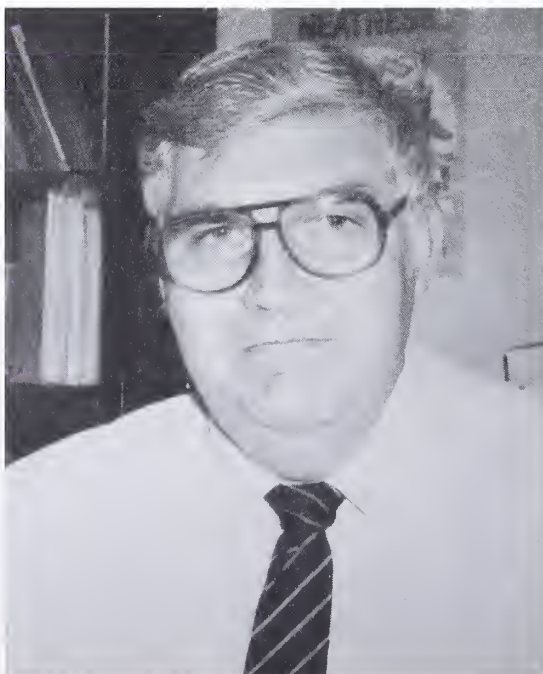

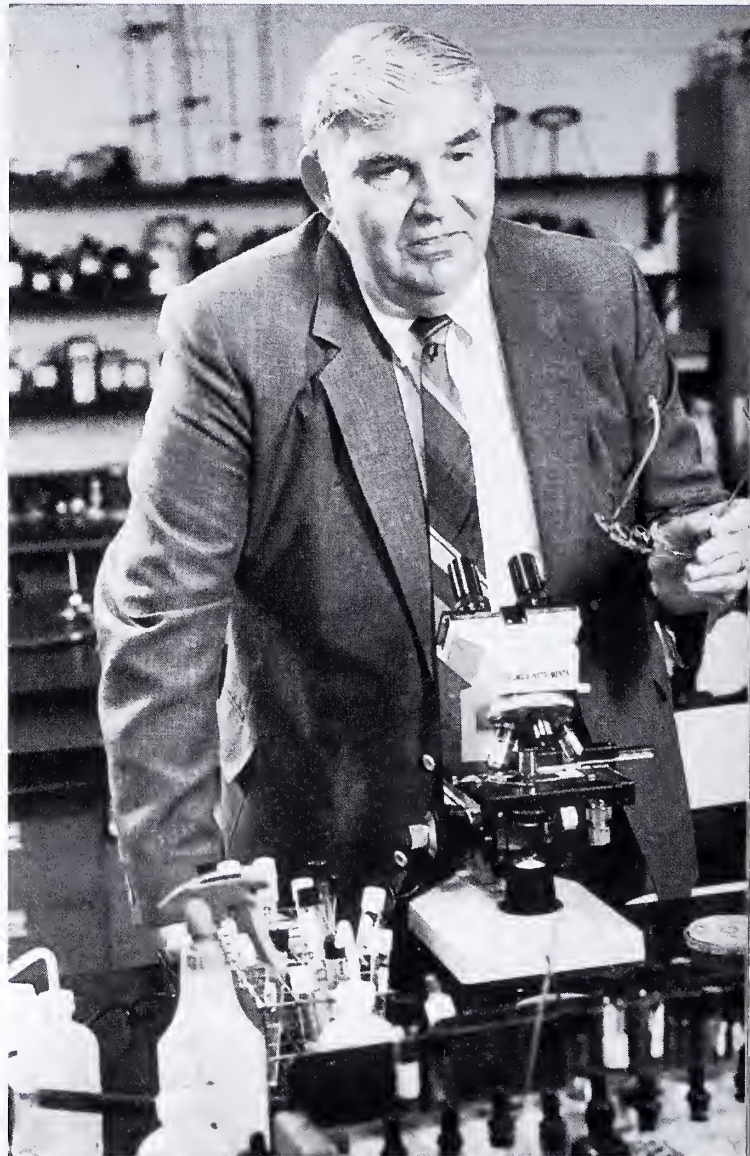

Brown has been awarded many prestigious awards for his teaching excellence and commitment. Outstanding awards include the Distinguished Faculty Award in 1973; a nomination and listing in Outstanding Educators of America; and, in 1983, the teaching excellence award at Pikeville College. Brown was honored a second time with the William Wade and Helen Walker award at this year's commencement ceremony.

A native of Pike County, he graduated from Virgie High School, and then, Eastern Kentucky University with a bachelor of science degree. He received his master's degree from the University of Virginia.

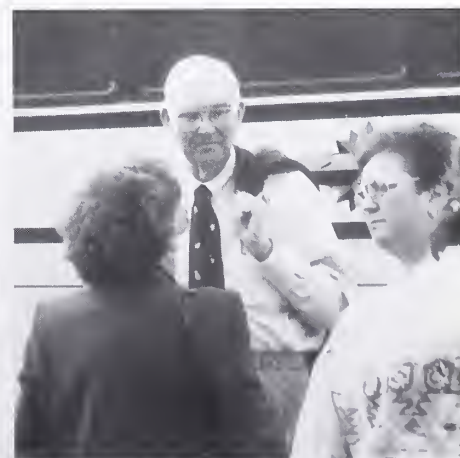

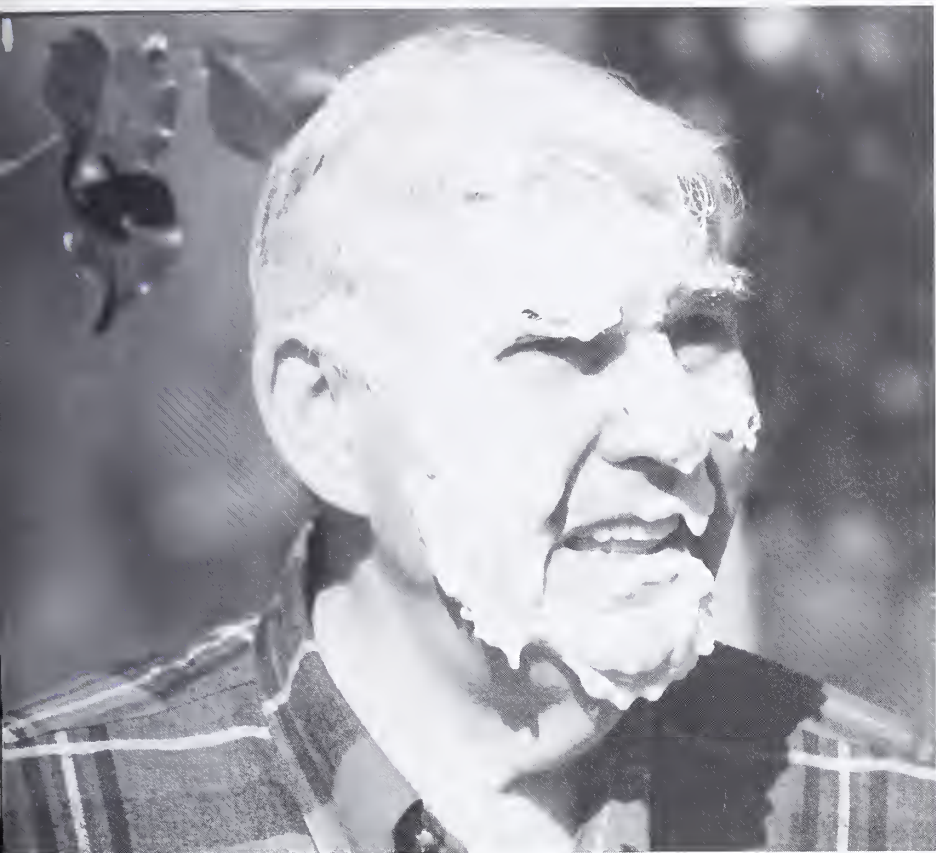

Brown is married to Peggy Blackburn Brown and has one daughter, Dr. Katrina Briggs, who practices at Pikeville Methodist Hospital with her husband, Dr. Leon Briggs. He is the proud grandfather of Caroline Brown Briggs.

Brown has also been a dedicated community leader. He served as chair on the Pike County Cooperative Extension District Board, was a member of the Pike County 4-H council, and the Shelby Valley Lions Club. He is a member and elder of the First Christian Church of Pikeville, and has volunteered at Pikeville Methodist Hospital.

Brown has had a very successful career and will be missed by many people.

# Math/Science Resource Center

The Pikeville College Math/Science Resource Center is designed to promote scientific awareness. This year, Robert Arts, director of the center, organized many activities, including a live reptile show, student micro-workshops on hot air balloon construction, a teacher workshop featuring physics activities, and the ever-popular science olympics. Another annual event is the physics petting zoo, which consists of many hands-on physics displays. Constantly improving the center's offerings, Mr. Arts is always looking for ways to teach others that science can be fun.

# A New Year, A New Tradition PC Holds Opening Convocation

Classes began on Friday, August 21, 1998. However, Tuesday, August 25, was also a busy day for Pikeville College as Benny Ray Bailey, Democratic senator from Knott County and Pikeville College alumnus, addressed the faculty, staff, and students at the fall semester Opening Convocation.

Sen. Bailey's speech, entitled Appalachia . . . Our Home, focused on the positive aspects of both the Appalachian region and Pikeville College.

In closing the program, Pikeville College President Hal Smith bestowed upon Bailey the honorary degree of Doctor of Humane Letters.

The Lady Bears Volleyball team began its inaugural year in September 1998. In its first year, it competed as a club team but still faced conference rivals such as Lindsey Wilson College and Brescia University. The team ended up with a 2-14 record. Team members were Jill Couch, Kim Hancock, Lisa Kelly, Becky Justice, Melissa Osborne, Deanna Jewkes, Leanne Blankenship, Nicolle Spina, Charolette Taylor, and Melody Tester. At the awards banquet, held on Sunday, May 3, 1999, the team and players were recognized for their accomplishments. Charolette Taylor received the Most Valuable Player Award. Melody Tester "skipped" away with the Best Server Award. Jill Couch was given the Coach's Award. Melissa Osborne had "100% Hustle," and Deanna Jewkes was named Most Promising. The Most Improved Player award was given to Lisa Kelly. The team had a lot of fun this year and hopes to do well in the years to come. In 1999, the volleyball team will enter the KIAC conference as a varsity sport.

The Pikeville College Cross Country team hit the ground running this year. Pikeville College assembled both a men's and women's team comprised of some talented runners. They met the challenges of their first season head-on, accomplishing much for a young team.

Highlights for the year included the team's first place finish at the Alice Lloyd College meet and its second place finish at the Shawnee State Invitational.

The team also placed two members on the All-Conference Academic Team: Cathy Civis and Lori Burke. In addition, Rhett Mosley represented Pikeville College in the national meet.

"This has been a dream come true for me to teach at the college level," said Coach Biery.

The team's existence will undoubtedly help others reach their dreams as well. The future is bright for this new PC sport thanks to some upcoming signees and the returning members.

# Women's Tennis

The women's tennis team continued to build in its third season of play. All six players earned wins at some point this season, led by freshman Carla Layne, who had four singles wins and was named the team's MVP despite being player No. 6. Senior Heather Schnell, the No. 1 player, had three wins on the season.

Among the highlights of the season was a doubles win by seniors Chaunda Catron and Cathy Cavis over Berea, an annual power in the KIAC. "It was pretty exciting for us to get a win like that over Berea," said Coach Frances Coleman. "We have a lot of respect for their program." The win was even more impressive as Catron was five months pregnant at the time.

The team finished 1-5 on the season, getting a win over Kentucky Christian College of Grayson.

# Men's Basketball

The Bears basketball team has seen improvement over the last three seasons. The Bears finished the 1998-1999 season with a 12-20 overall record. The team won the Asbury Invitational Tournament, and James Hurley won the MVP Award. The team also finished third place in the Beckley Coal Classic Tournament.

At the season's end, the following awards were presented: Mr. Defense to Brian Russell, Mr. Versality to James Hurley, the Coach's Award to Robbie Royalty, and the Team MVP went to B.J. Ratliff.

The future is bright at Pikeville College. The team loses only three seniors, Hurley, Royalty, and Rodney Thompson. Thompson suffered an early injury and missed the entire second semester of play. The Bears say good-bye to Coach Roy Cutright who finished his last season. Randy McCoy, a Pikeville College Alumnus, will take over the 1999-2000 season as Head Coach.

It was a different road this season for the Pikeville College Lady Bears.

One year after winning the KIAC tournament to advance to the NAIA National Tournament, the Lady Bears were faced with a different challenge. With one less Division I team in the KIAC, it lost its automatic berth in the national tournament. The road to Jackson, Tenn., this year would be through the Mid-South Region Tournament.

The Lady Bears finished the season 18-6, eliminated by Lindsey Wilson in the semifinals of the region tournament. But the season offered several exciting moments, many of them involving senior Rosemary Gilliam.

Gilliam averaged 16.2 points and 11.1 rebounds, the latter of which was ninth in the nation. She finished her career with 1,711 points and leaves as the

school's all-time leader in rebounds with 1,312. She's also the leader in games played with 128.

A three-time team MVP and ALL-KIAC pick, two-time All-American and KIAC Player of the Year, Gilliam was selected as the Female Athlete of the Year, an award encompassing all sports, in the KIAC.

Gilliam wasn't the only player making headlines nationally. Junior point guard Kelly Blackburn finished in the top 10 in the country in assists, averaging 6.1 per contest.

The 1998-99 Softball Lady Bears had a great season. Playing tough competition and many games, the team ended up with a 25-23-1 record. With a little turmoil, many traveled games, and a lot of good ol' fun, the team can look back on the season and see that it was very successful. The girls worked hard to make their season the best one ever, especially for the four seniors. At the end of the year, Charolette Taylor received Best Offensive Player along with Most Valuable Player Award, voted on by the team. Krissy Wyrick received Most Improved Player. Defensive Awards went to pitcher Melanie Joyce and first baseman Roni McKinney. Coaching Awards went to Jill Couch and Lori Smith. This group of girls and the memories they left behind are all wonderful. One of the most memorable moments was the van wars, and of course, we all know the white van (Kenny's) prevailed (Gotcha!!).

The "Bat Bears" stepped up to the plate and ended their season 32-17, placing second in the conference. They traveled to Fort Pierce, Florida, over spring break and played well. In addition, the team played top teams such as Brescia and Indiana South East.

Alex Ward, first baseman and pitcher, was named KIAC Player of the Year. He was also voted first-team All-Conference, along with senior Jamie Owens and junior Frank Conley. Joe Pierson, D.J. Bogard, Bud Sanson, Evan Charles, and Gerald Giles made second-team All-Conference.

The five seniors: Evan Charles, Chris "Pokey" Harris, Jason "Geno" Hunt, Jamie Owens, and Bud Sanson will definitely be missed, but the team still shows a promising season ahead.

The Men's Golf team had a progressive season this year. Much past talent and three new recruits led the team to a winning season. They hosted their first annual tournament this year in Pikeville and received a second place trophy. Bryant LeMaster had medalist honors in the tournament with a score of 72. Brian Pugh received all-tournament honors with a score of 75. The "Golfing Bears" traveled to Beckley, West Virginia, to play a higher level of competition. The team won best ball championship in the Transylvania University Invitational Tournament. All-in-all, the guys had a successful season by doing well in many tournaments and having lots of fun. The Bears will continue to make strides to be the top team in the KIAC conference tourney in the year 2000. All of the memebers are looking forward to an even better season next year.

# Men's Tennis: KIAC Tournament Champs 1999

The Pikeville College Men's Tennis team has accomplished something that has never been accomplished before. The 1999 team won the KIAC conference championship, for the first time in school history. Coach John Kitchen was named the KIAC Coach of the Year, in only his second year leading the Bears. The Bears finished the season with a 12-1 team record on their way to the conference championship. Neil Strong and Todd Kitchen anchored the Bears' season by winning over 95% in both singles and doubles. Strong and Kitchen won the conference championship in doubles and were both in the singles championship as well. Team captain, Jesse Rudd, had another outstanding season. Rudd also ensured the Bears' conference title by advancing to the quarter-final round of singles and along with his partner, Chad Sellers, the semi-final of doubles. Clay Boone was also an integral part of the team's success. Boone won a very tough and important first-round match in the conference tournament. Colby Justice, Nick Smith, and Robbie Royalty also played vital roles for the 1999 Tennis Bears. Neil Strong, Todd Kitchen, Jesse Rudd, and Chad Sellers were named all-conference in the KIAC. All of the Bears will return to defend their title next season.

# Band

For every event in life, there is a song. Whether we need to laugh, or whether we need to cry, there is a tune that accompanies our sadness or our joy. With this thought in mind, it is easy to see how important the band program at Pikeville College has become to the members involved in the program.

Behind every good band, there is a great director. Throughout the course of his three years here at Pikeville College, William Bradley Daniels has been the driving force behind the success of the band. Mr. D., as most of the students call him, takes the time to ensure that each individual person feels important. No matter what the concern, Mr. D. is always ready with a willing ear and fatherly advice.

If we view Mr. D. as the father figure of the band, then all of the students and community volunteers who make up the band must be a one great big family. When it seems like there is no one else there, one can always turn around and find a fellow band member.

As the music programs here at Pikeville College grow, we hope that the atmosphere of the band never changes. Thanks to all the hard work of the participants and our director, there will always be a haven of fond memories for those who've had the opportunity to share a song and a laugh or a cry with a fellow band member.

# Choir

Throughout the years, we have found many ways to express the emotions that touch our lives. One of the most enduring formats is the song. No matter what your frame of mind, there is a song to reflect how you feel inside. During the third year of the music program here at Pikeville College, the main focus of the choir has been to reflect the varied styles of music that have been performed since the first song was sung.

No group of singers is able to progress without a leader. During the 1998-1999 school year, director Margaret Andraso worked hard to help the choir achieve the proper sound for every song performed. The students in the choir look to Mrs. Andraso as the mother figure of their choral family. Through all the laughter and tears which accompany any performance, Mrs. Andraso maintained the goals she envisioned for the group, mothering the ensemble along towards the performance.

In the future, as members of the Pikeville College Choir look back at the time spent in the choir, it is safe to say they will retain many happy memories. As the music program continues to grow, it is the hope of every member that the warm, family atmosphere of the choir remains, and, as in every family, there will always be room for one more member.

# Student Government Association (SGA) & Class Officers

Providing a voice for the student body as well as organizing a variety of activities, the Student Government Association (SGA) played an active role on campus. Under the leadership of Ann Hanson, assistant to the dean of students, SGA sponsored dances, campus coffee houses, a comedian, a hypnotist, trips to King's Island and white water rafting, and a variety of games and tournaments.

A revived student senate acted as a forum for student concerns. And, the newly created campus activity board (CAB) was instrumental in making the year a success.

SGA officers were: Hope Lester, president; Lisa Kelly, vice president; Christie Chapman, secretary; and James Hurley, treasurer.

# Phi Beta Lambda

*Above: Pam Slone and Roger Mullins pause before the end of the year reception.*

*Right: It's beginning to look a lot like Christmas, thanks to these PBL members.*

Phi Beta Lambda is a national organization that promotes student success in business. PBL members stay active throughout the year, taking part in leadership conferences and promoting community service. This year, members worked the concession stand at home games. In addition, PBL spread Christmas cheer by decorating the 99. Also, PBL provided a Thanksgiving meal to area senior citizens as part of a national project called "In Praise of Age." In April, members attended the state convention and brought home several honors. Pamela Slone and Roger Mullins took first place in Desktop Publishing. Melinda Robertson placed second in Business Law. Shelley Ward placed second in job interview. David Meek placed

fifth in Business Communication. Slone also placed fifth on the Marketing test and was nominated to Who's Who in Kentucky PBL. She, Mullins, and Robertson advanced to competition at the National Leadership Conference held in Chicago over the summer. PBL is led by advisors Howard Roberts and Marcia Little. This year's officers were: Pamela Slone, president; Barry Tacket, vice president; Jennifer Coleman, secretary; Tina Hurley, treasurer; Mindy Robertson, historian; Shelley Ward, reporter; and Jamie Daugherty, parliamentarian.

The 1999 *Highlander* marked the beginning of a new era for the Pikeville College yearbook. For the first time, students registered for the yearbook as a course and received 1 credit hour for their active participation on the staff. The change enabled the yearbook to progress throughout the course of the year in a more timely manner while allowing students the opportunity to learn how to put together the yearbook. Such an undertaking is impossible to accomplish with just a few, and the staff owes a great deal of gratitude to many others on campus: Terri Kinder, Carolyn Miller, Dwayne Stevens, Judy Vance Bradley, and the others in the office of public affairs -- thanks for help with photographs, computers, budgets, etc. Gene Stout -- thanks for all of the time, film, photographs. Jim Workman, Jamie Anderson, Robbie Gott -- thanks for technical help. Pat Kowalok -- thanks for the beautiful artwork on the cover. Bob Davis, Rick Bentley, Missy Gragg, John Hitchen, Pam Slone, Roger Mullins, Cathy Civis, and others -- thanks for help with stories and photos. Libby Shockey -- thanks for proofing. Thanks also to Susan Sanford, our professional photographer, and Tom Brush, our Jostens representative. Finally, I would like to thank the staff for working hard against deadlines and coming through in the end. Special thanks for putting in extra hours at the end of the year. We hope everyone enjoys giving the 1998-99 year . . . one last look.

# The Academic Team

An eclectic group of unique individuals traveled across the state this year, attending academic tournaments at seven Kentucky colleges and one Ohio college.

The Division II team, consisting of freshmen, Stephen Hunt and Brad Jewell, and sophomores, Toni Casebolt, Roger Mullins (captain), and Jeremy Parsons, had an outstanding season. They placed in the top three in every tournament, coming in second in overall league standings.

The Division I team, consisting of seniors, Michelle Chapman (captain), Mindy Robertson, Pam Slone, and April Stratton, came in fifth in overall league standings. Division I tied four other schools for second place at the tournament held here at Pikeville College and was kept from competing in the championship round in the last two tournaments by losses of only one point.

Graduating seniors Michelle Chapman, Mindy Robertson, and Pam Slone have been active members of the academic team for their entire college careers. They will be sadly missed by teammates and sponsors alike.

# Phi Eta Sigma

Phi Eta Sigma is a national freshman honorary society inspired by the past and dedicated to the future whose goal is to encourage and reward academic excellence among freshmen in institutions of higher learning.

Induction is an outward recognition of personal accomplishment and serves as an incentive for continued high scholarship. It provides members the opportunity to meet freshmen scholars from all academic disciplines here at Pikeville College, and to join them in promoting academic excellence.

Membership in Phi Eta Sigma identifies its members to employers, professional and

graduate schools as persons of superior academic ability and performance. This year, Pikeville College's chapter of Phi Eta Sigma is at its largest ever with 25 new members being inducted in the fall. Robert Davis (advisor) and Lisa Kelly (president) led the group.

## Student Nursing Association of Pikeville College (SNAP)

The Student Nursing Association of Pikeville College (SNAP) is an organization which allows students in the nursing program to give something back to their community. This year's officers were: Sarah Norman, president; Brandi Bryant, vice president; Jessica Farmer, secretary; Missy Wells, treasurer; Kennetha Rose, Christie Smith, and Amber Moon, historians; and Vanessa Adkins, Gidget Clark, Lisa McCarty, and Shannon Triplett, representatives.

# Pre-Professional Club

The Pre-Professional Club is designed to present information to its members about various professional healthcare careers. This year, the group raised money in a unique way, a pie throwing contest. Professors volunteered to catch pie in the eye. Many students took advantage of this opportunity for revenge.

Above: Members from left: Becky Justice, Lisa Kelly, Sunny Phillips, Jill Couch, Michelle Jones, April Stratton, Marsha Johnson, Catby Cavis, Aaron Vanover, Toni Casebolt, Jeremy Parsons, and Greg Andraso (advisor).

Right: Pam is hard at work in *The Bear Facts* office.

Reporting all of the news that's fit to print, this year's *The Bear Facts* staff strived to continually improve the quality of the college newsletter.

One major advance made this year was a change in format from single sheets of paper stapled in the left corner to folded pages with inserts. Several regular features were established, such as "This Week in History," "Ask Gabby," a devotional, and weekly horoscopes.

Another major change was offering *The Bear Facts* as a course. Our staff grew from six members last year to nine, guided through the world of journalism by our advisor, Chandra Arts. Our thanks also goes out to James Riley, the journalism class, Gene Stout, Rick Bentley, and the Office of Public Affairs.

# Sigma Zeta

Sigma Zeta is a newly organized national honor society at Pikeville College. Faculty advisors Bernadine Cochran and Debby Keen organized efforts to bring this club to PC. The group encourages and fosters the attainment of greater knowledge in the fields of science and mathematics. Sigma Zeta also recognizes outstanding scholastic achievement in these fields through active, graduate, and honorary memberships.

To qualify for Sigma Zeta, students must major in the natural sciences or mathematics, have completed at least 15 semester hours in these areas, have at least a 3.0 g.p.a. in these areas, and have at least a 2.75 g.p.a. in all subjects.

Sigma Zeta's spring activities included: judging three elementary schools' science fairs, participating in Simul-Serve week, organizing a clothing drive for the abuse shelter and homeless shelter, and installing new members at a special ceremony.

Sigma Zeta charter members included: Glistina Adams, Cathy Civis, Brandy Cochran, Jill Couch, Kelly Curry, Becky Justice, Lisa Kelly, Fredda Muncy, Darrell Newsome, Sharlonda Sammons, Michael Slone, and J.J. Walker. Faculty members are: Greg Andraso, Robert Arts, Glenn Brown, Bernadine Cochran, Bryan Hearn, Tom Hess, Debby Keen, John Legge, and John Rupley.

# Lambda Sigma

Pikeville College students applied to become the fifty-first chapter of Lambda Sigma Society and were officially recognized during the fall semester. The Lambda Sigma Society is a national honor society for second-year students and is dedicated to the purpose of fostering leadership, scholarship, fellowship, and service among its members as they promote the interests of the colleges and universities they represent.

The Pikeville chapter, *Beta Gamma*, was officially installed at the President's Conference at EKU on Oct. 24, 1998. The national president, Jane Harmon,

conducted the installation at the closing banquet. Five students were initiated along with President Hal Smith, who was initiated as an honorary member. Karen Smith, who serves on the national Lambda Sigma board, will also be serving as chapter advisor. Members selected must have completed 12 or more hours and have a GPA of 3.0 or better.

The 1998-1999 Officers were: J.J. Walker (President), Jeremy Parsons (Vice-president), Olivia Gannon (Secretary), C.J. Robinson (Treasurer), Toni Casebolt (Historian), Jackie Layne (SGA Representative), and Amy Parsley and Erin Hunter (Team Leaders).

# Fellowship of Christian Athletes

The Fellowship of Christian Athletes' mission is to encourage athletes, coaches, and all whom they influence to receive Jesus Christ. This organization is under the leadership of Bill Baird and Faculty Advisor Robert Davis.

Special events this year included the Multiple Sclerosis Walkathon, distribution of "goodie bags" during finals, and presentation of Bibles.

Jill Couch was accepted to the Athletes in Action program. She will be going to South America this summer. She was also made an assistant Huddle Coach in recognition for her outstanding leadership.

The Baptist Student Union's mission is to give the students a place to share their faith with other students from the college. The group sponsored many different activities to help the college and community come to know Jesus Christ.

Special events this year included the distribution of "relax sacks" during finals, penny wars to help fund summer missions, and numerous revival team events.

The first Revival team went to Besty Layne Baptist Church to work with the youth group and lead the evening worship service. The second Revival team went to Marrowbone Baptist Church to lead the morning worship service. Both teams also were involved in several FCA meetings.

# Psychology Club

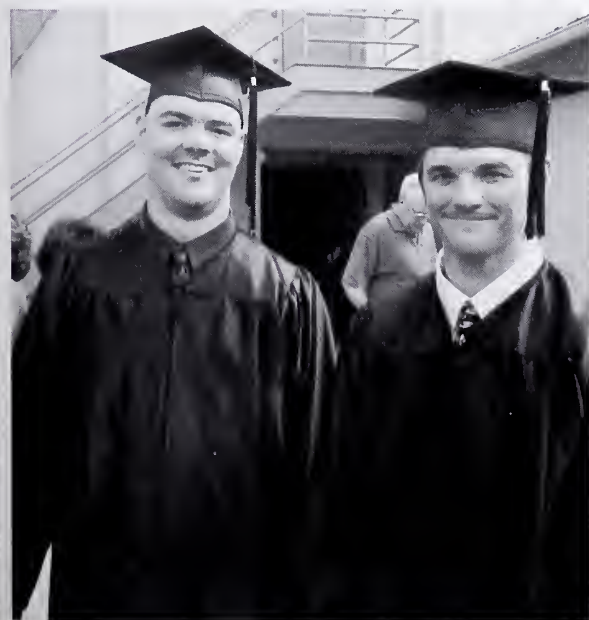

One of the most active groups on campus is the Psychology Club. The Club is dedicated to community service, focusing on helping underprivileged children. All year, the Club raises money for its two major projects, providing Christmas gifts and Easter baskets to needy children. This year, the Club helped 140 children have a very merry Christmas. The Club was led by co-presidents Dee Gilliam and Troy Stroud, executive assistant Fredda Muncy, and SGA representative Jamie Tucker.

# *Graduation*

# End of the Year

The end of the year marks many activities, which culminate at graduation. There are final exams and final papers. Then, there are the last meetings of clubs and organizations, with some holding elections, award receptions, or installation ceremonies. Everyone celebrates at the annual Spring Formal. Sports teams get together one last time to pass out deserved awards, and the spring sports teams gear up for final tournaments. PC also has other events which have become traditions through the years. There is the annual spring concert, closing the year for the music ensembles. The academic team takes on a team of faculty and staff in a game of wits. And, the softball team plays the faculty and staff on the field. At the end of the rainbow are the nursing pinning ceremony, alumni/senior banquet, brunch, and commencement.

# Nursing Pinning

On Thursday, May 6, nursing graduates, family, friends, faculty and staff gathered to honor the 1999 class of the Elizabeth Akers Elliott nursing program. Sixteen graduates received a rose and were pinned by nursing faculty. Three student awards were presented. Angela Dawn Hall received the Outstanding Student Award. Kimber Lee Sanders Mullins received both the Vivian Day Award and the Elizabeth Akers Elliott Award. All nursing graduates recited the Nightingale Pledge in the touching ceremony.

# Alumni/Senior Banquet

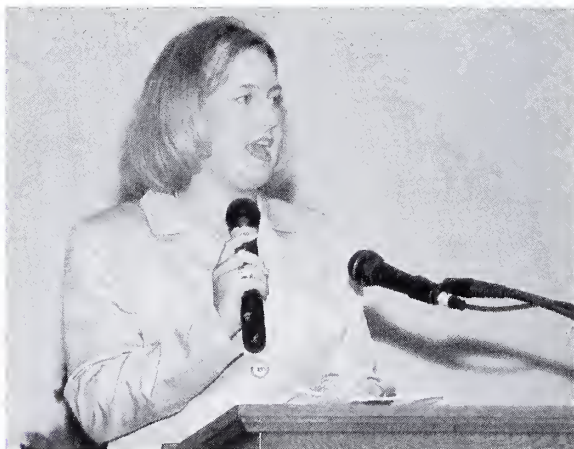

About 450 people gathered to honor the Pikeville College classes of 1999 and 1949 at the annual Alumni/Senior Banquet held May 7 at the Mark III. A short program was held, including introductions and recognitions by Gerri Kinder, election of officers and directors for the Alumni Association by Mike Thornsby, presentation of alumni awards by Howard Roberts, remarks from President Smith, and music by several talented students and the Pikeville College Jazz Band.

# The Class of 1999

## Last Graduates of the Millenium

The Pikeville College community gathered to honor its graduates on Saturday, May 8. Prior to commencement, a brunch was held in the Derriana courtyard. In one of the largest ceremonies in recent memory, 136 graduates qualified to march at commencement. The graduation ceremony featured an address by Sara Walter Combs, Judge for the Kentucky Court of Appeals for the First District and widow of former Kentucky Governor Bert T. Combs. Her message focused on challenging the graduates to give back to their Eastern Kentucky communities. Honorary degrees were awarded to Judge Combs and local businessman E. Bruce Walters. Tonya Johnson Taylor and Marsha Johnson shared valedictorian honors for the Class of 1999. Laura Elaine Ferguson was salutatorian. Professors Glenn Brown (biology) and Nancy Cade (political science) were honored with the first and second place, respectively, William Wade and Helen Record Walker Teaching Excellence Awards. President Smith welcomed the graduates as new Pikeville College alumni and reminded them to visit often.
